<b>BACKGROUND</b> (Includes Description and justification)	Whitestown, with its rapid rate of growth, recognizes the need to provide its own emergency ambulance services to residents. Worth Township of Boone County and the Town of Whitestown have entered into an Interlocal Cooperation Agreement for Fire Protection and Emergency Services. This will help ensure quick response by fire and emergency medical services in and around Worth and Whitestown. The Whitestown Fire Department will provide emergency ambulance services, including the transportation of emergency patients by ambulance, the administration of basic life support, the administration of advanced life support, and the administration of advanced life support - level II services, as defined by applicable Indiana law and regulations, which may be amended from time to time.
